

EMERY EXPECTS TO GET WILSON

Sheriff Says He Has Promising Clue to Whereabouts of Missing Secretary.

Confident that James W. Wilson, the alleged absconder and former promoter and secretary of the Koola Fuel Manufacturing company, will soon be apprehended, Sheriff Emery stated last night that he has a promising clue to his whereabouts and expects to bring him before the bar of justice soon.

"I have had a warrant for the arrest on the charge of obtaining money under false pretences placed in my hands," said Sheriff Emery to a Herald reporter, "and I am doing everything possible to locate him."

"I am quite sure that he is a good distance from Salt Lake, as he had plenty of time to travel before his alleged embezzlement was discovered. I have a very good clue in regard to the place where he is heading and expect to have him under arrest soon."

Officials of the Koola company, who allege that Wilson made a clean-up of \$3,500 before he jumped, are doing everything possible to get him, even going so far as to offer a reward of \$250 for his arrest and to secure private detectives to work in connection with the sheriff's office in tracing him.

Wilson's books are being examined to discover what irregularities exist. The company's offices, 14 West Third South street, are open as usual for the transaction of business.

Attorney Frank B. Scott, who has brought action against Wilson for \$5,000, the amount which he claims is due him as the result of a contract he entered into with Wilson to assist him in promoting the Koola company, has had writs served on the company's officials to prevent them from disposing of any of Wilson's stock or other securities while his suit is pending.

The meeting of the board of directors of the Koola company, which was scheduled for yesterday at 2 o'clock, in Colonel N. W. Clayton's office, to take further action in regard to Wilson's disappearance, was suddenly postponed for reasons which were withheld. It will be held today instead.

Rumors that Wilson's exit from Salt Lake was forced, that he had been tangled up in trouble elsewhere and his presence here had been discovered by other men who wished to interview him, circulated yesterday in the business section. None of them could be confirmed.

BEN WINS A HOME IN FIRE DEPARTMENT

"Ben," the latest addition to and the pride of the Salt Lake fire department, had his first run yesterday, and made good.

When Ben entered the service of the department, it fell to his lot to be one of the truck horses, and he was assigned to truck No. 3. It is only about ten days ago that this intelligent horse was accepted and began to receive his initial instruction in what he is expected to do in the future. On Wednesday he was placed in service, running under the harness at the gong for the first time at the noon stroke on that day. Yesterday afternoon, when the alarm was sounded for the blaze at the Newhouse building, Ben showed that he had already learned his lesson, and was as quick to respond as the oldest veteran in the equine department of the service. On the run he was, if anything, more eager than his teammates, and was as quick to respond as the oldest veteran in the equine department of the service. IN THE POLICE COURT.

Ray Clays, the youth who was captured on Main street Thursday forenoon by Officer Grundvig, after the latter had fired a shot to frighten him, pleaded guilty before Judge Diehl yesterday to the theft of a bicycle, and was sentenced to three months in the city jail. Clays, who is about 15 years of age, and claims Helena as his home, admitted that on Thursday morning he had stolen the wheel from in front of the National Bank of the Republic building. The bicycle belonged to Norton Reynolds, an employee in the bank, and later Clays attempted to sell it to Meredith & Guthrie.

Henry Bates, who is charged with the theft of a horse collar and bridle, the property of H. G. Deardoff, and taken from the barn at the rear of 342 West Third South street, was arraigned yesterday before Judge Diehl, and after his plea of not guilty, his hearing was set for today at 10 o'clock.

The case of Hugh Rooney, charged by "Jack" Cooney with an attempt of pocket-picking and later with a threatened assault with a knife at the fair grounds Thursday night, was not called in the municipal court yesterday, and Rooney is still held in custody.

The case of the Model Steam laundry, charged with creating a public nuisance, again bobbed up in the municipal court yesterday, when Oct. 20 was fixed as the date for the hearing of arguments on the demurrer.

Earl Bassett, the motorcyclist charged with violating the speed ordinance, was found guilty by Judge Diehl yesterday and given a fine of \$10.

Trans-Mississippi Congress to Take Up the Resolutions Today.

San Francisco, Oct. 9.—The session of the Trans-Mississippi Commercial congress held today was devoted largely to addresses covering a wide variety of subjects, to the deliberations of the committee on resolutions, which took action upon a number of important questions and to entertainment of the delegates in the form of automobile and trolley tours of the city.

Practically all of the contests before the committee on resolutions affect, directly or indirectly, the expressed policy of the national administration upon matters relating to conservation of resources, and in some instances it is expected that the controversies will be carried to the floor of the congress tomorrow morning, when the delayed report of the committee is presented for consideration.

BABY SCRATCHED DAY AND NIGHT

Tormenting Eczema Spread from Child's Arm to Ear and Face—All Kinds of Salves and Remedies Met with No Success—Finally

TORTURES YIELDED TO CUTICURA REMEDIES

"I had a lot of trouble with my little girl's eczema. She had been a sufferer for some time. The eczema started on her arm and then it got on her face and ear. We had our family doctor, who treated her and did all he could. He gave her all kinds of salves and remedies, but without success. The disease tormented her so she would scratch day and night. Then I read of what Cuticura had done for other children. We used Cuticura Soap and Cuticura Ointment, bandaging her so that the eczema would not spread over her whole body. After using the Cuticura Remedies for a month she started to improve. I have used Cuticura Soap for her since she was born, and she has never suffered from eczema again. I am glad she is cured, and I always recommend the Cuticura Remedies. Mrs. Lillie Bittner, 529 Ontario St., South Bethlehem, Pa., March 18 and April 15, 1908."

FEARFUL PSORIASIS

Lasted Four Years. Irritation was Terrible. Cured by Cuticura.

"My disease was psoriasis. It was a particularly bad case, affecting me from my head to my feet, and the irritation was terrible. I suffered for four years and on. I had seen five doctors and tried sundry remedies, but none gave me any ease until I tried Cuticura Soap and Ointment. My case being a very bad one, it naturally took longer to make a good impression, but after persevering day after day for a month, I seemed to make fair progress. I began to use the Cuticura Remedies about July, 1906, and my cure was complete about October of the same year. Alfred Levy, 1, Winkfield Rd., Wood Green, N. England, March 25, 1907."

The Truth Will Prevail

Prejudice cannot survive in the face of the plain story of larger beer—how it is the product of cereal foods—a strength giver, digestive agent and general health promoter—not a liquor, but a wholesome beverage, whose alcoholic ingredient is a mere circumstance.

Drink Fisher Beer

You will enjoy it and it will do you good. That is the sum and substance of it. It is carefully brewed. A visit to our plant would fully convince you of that fact.
